PREMIUM

THE UNRIVALLED HIGH TRAFFIC SOLUTION

*The proof is in
the customer experience*

“ With 600 000 passengers per year, plus their luggage and carts, this floor covering offers the advantage of standing up to heavy traffic while remaining easy to maintain.
Pau-Pyrénées Airport, France ”

“ I realise every day Premium durability in comparison with a standard flooring: one is difficult to maintain, Premium is **clean and perfect**.
12 years old elementary school in Nurmo, Finland ”

“ For 20 years, this mass-coloured surface has **always been satisfactory**. We've had **no problem with tears, scratches or wheel marks**.
Hospital in Lons-le-Saunier, France ”

“ **After 10 years of intensive use,**
Premium is still in excellent condition, which
is something we are extremely pleased with.
The same type of flooring has been used for
other schools in our foundation, so we are
in a good position to make a comparison.

Premium comes out on top,
each and every time.

*Primary school De Meander in Ootmarsum,
Netherlands //*

“ We wanted a building that promotes
employees health and encourages healthy
lifestyles, a workplace that serves an exemplar
of healthy work environment,
**so we selected Premium as the best
floor for indoor air quality.**

*Medibank Headquarters,
Melbourne, Australia //*

“ Premium flooring
**is very resistant to chemical
and mechanical attacks,**
and this colour range is trendy.

*Städtisches Klinikum,
Solingen, Germany //*

The best of both worlds !

In the resilient flooring market, **Premium** offers the best of 2 worlds:

- Homogeneous inlaid surface
- Multilayered construction

Top of Gerflor ranges

In the Gerflor product portfolio, **Premium** is the top of homogeneous & multilayered ranges.

WHAT MAKES THIS FLOORING UNIQUE?

EVERCARE™ technology, an exclusive patented Technology by Gerflor:
ease of maintenance, no need for wax and polish for life, water and detergent savings,
plus **3 additional benefits**:

1 STAIN SHIELD, BLOCKS EVEN THE TOUGHEST STAINS

Gerflor floorcovering with
EVERCARE™

The **EVERCARE™** water-repellent effect prevents staining products from penetrating the materials (alcohol-based Eosin and Betadine, hydro-alcoholic gels, etc.), remaining on the surface.

Other floorcovering
